WOOD COUNTY HEAD START, INC.  
**HEALTH REQUIREMENTS**

Wood County Head Start recognizes the importance of identifying and addressing health concerns early in a child's life. Our program goals are to assure that each child is in optimal health, that preventative health measures are taken, and that follow-up treatment and services are obtained for any health condition detected.

**Physical Exam Requirements** – An up-to-date physical exam needs to be completed and on file within 90 days of starting.

- Exams for children under 2 cannot be more than 6 months old.
- Exams for children 2 and older cannot be more than 1 year old.

**A physical is not considered complete without the proper lead and hemoglobin test results. Lead test requirements are at 12 and 24 months of age or at 1 test at or after 24 months of age and 1 hemoglobin test. Lead and hemoglobin tests can be completed at WIC or through your physician.**

The physical exam schedule is as following:

- ✓ 1 Week
- ✓ 1 Month
- ✓ 2 Month
- ✓ 4 Month
- ✓ 6 Month
- ✓ 9 Month
- ✓ 12 Month - **Blood Lead Level and Hemoglobin Level drawn**
- ✓ 15 Month
- ✓ 18 Month
- ✓ 24 Month - **Blood Lead Level drawn**
- ✓ 3 Year
- ✓ 4 Year
- ✓ 5 Year

**Dental Exam Requirements** - For children enrolled in the Preschool program, a dental exam needs to be completed and on file within 90 days of starting.

- Exams cannot be more than 1 year old.
- Any dental follow-up treatment needs to be completed before the end of the school year.

For children under the age of 3 years old, a dental exam is not required but is highly recommended. If referred to the dentist from your physician for dental treatment, an exam and treatment by a dentist will need to be completed as soon as possible, if not by the end of the school year.

**Immunization Requirements** - An immunization record needs to be on file within 30 days of starting. Immunization requirements can be waived only if the health, religious or personal conviction waiver is signed within the 30 days.

If you need assistance completing any of the health requirements, let your Family Service Worker know. These components are very important, and our hope is not to overwhelm you but to help you achieve success with your child's health and well-being.
